WHY CHOOSE BARTON TELEHEALTH?

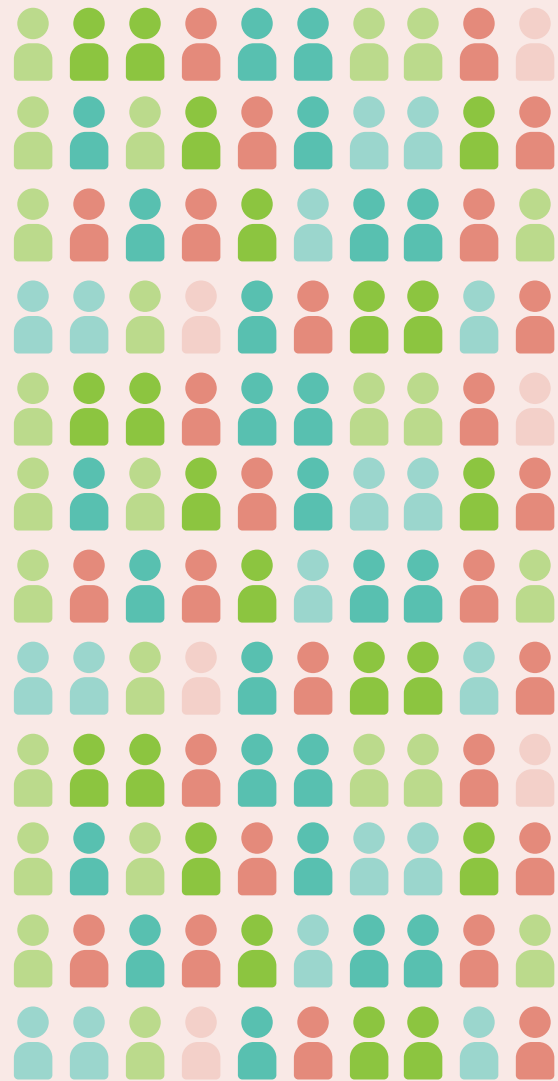

Highly-skilled providers. Powerful recruiting capabilities.

The Barton Telehealth staffing solution leverages Barton Associates' powerful recruiting operation and nationwide network of highly-skilled locum tenens healthcare providers. These capabilities, coupled with Barton Telehealth technology, mean we can deliver the staffing support you need to provide high-quality care for your patients that is comparable to care provided in-person.

Return on Investment.

Many telemedicine services available through Barton Telehealth are reimbursable by Medicare, Medicaid, and private health insurers—giving your organization the ability to realize a return on its telemedicine staffing investment.

Increase Capacity and Revenue.

Virtual healthcare staffing solutions through Barton Telehealth give your organization the tools needed to increase capacity, see more patients, and generate revenue.

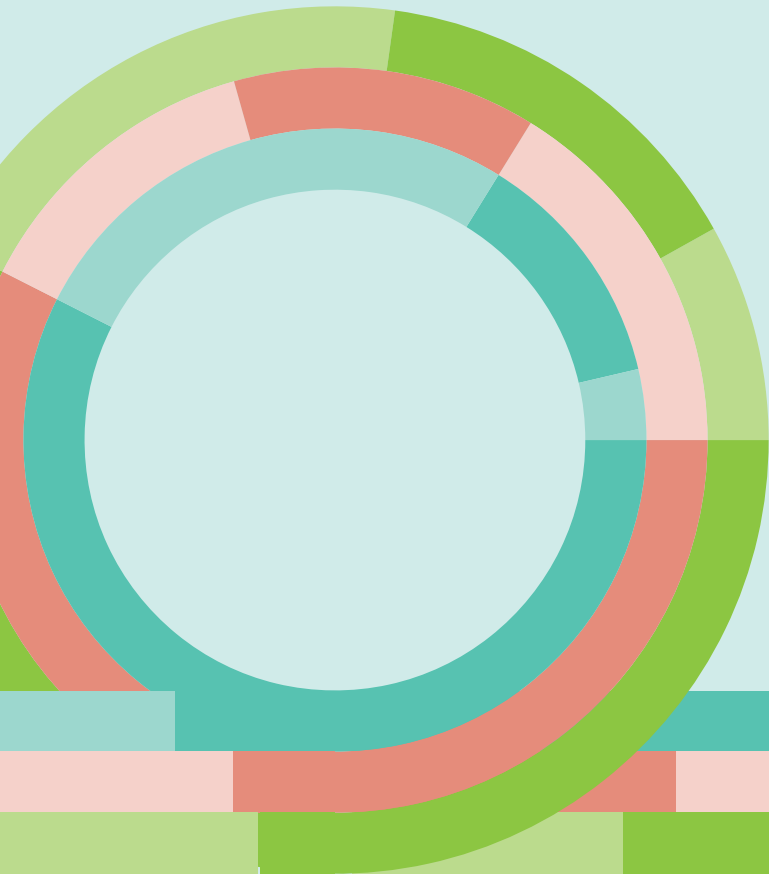

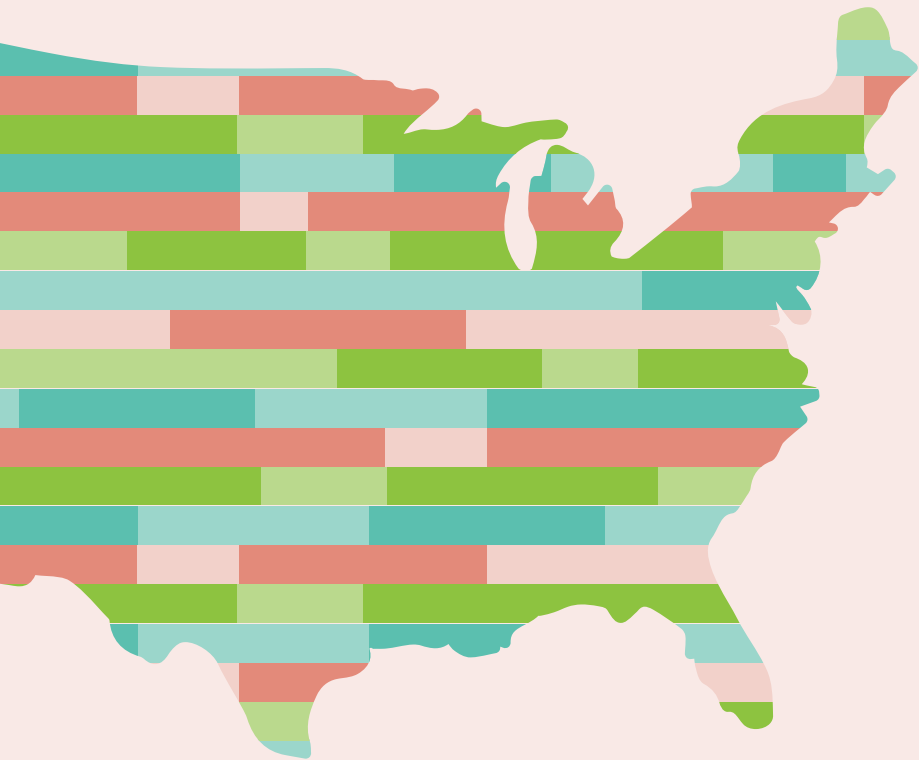

Cost Effectiveness.

Unlike many telemedicine services, Barton Telehealth requires no expensive, specialized equipment—all your team needs to get started is a computer with a web camera, a microphone, and an internet connection. Also, your organization can avoid travel-related expenses typically associated with on-site staffing services.

Speed and Flexibility.

Getting started with Barton Telehealth is fast and easy—giving your team the flexibility needed to react quickly, optimize your organization's staffing plan, operate at peak efficiency, and thrive!

More Options.

Above all, Barton Telehealth gives you more options by dramatically increasing your access to qualified providers and giving you the tools needed to solve your staffing challenges—*once and for all.*
